Chief Justice Merritt yesterday morn-

ing delivered his charge to the jury in

the libel suit of Arthur Brown vs. The

Tribune Publishing company. The

charge was short, concise and to the

point, occupying his honor not more

than fifteen minutes in the delivery.

Judge Powers of counsel for the de-

fense asked that the type written copy

of the charge be delivered to the jurors

so that they might take it into their

room and study it. Counsel for the

plaintiff made no objection and it was

so ordered.

The jury retired at 10:20 and Judge

Powers requested that certain excep-

tions to the charge be entered and

Judge Henderson for the plaintiff made

a similar request both of which were

granted. Judge Powers' chief

objection was to that part of the charge

which permitted a verdict to be returned

by the jurors.

Up till the time of adjournment of

court no message had been received

from the jury room although the jurors

had been struggling with the case for

nearly seven hours and Judge Merritt

gave instructions to the effect that if

an agreement was arrived at during the

night the jurors might seal their verdict

and return it in the morning. It is said

this morning so that nothing of a

definite nature will be known till then.

EUREKA REDUCTION WORKS.

Sue By Homer Crandall to Recover

From Them \$2,445.

The case of Homer J. Crandall vs. The

Eureka Reduction works, John J.

Young and Reginald H. Bailey, was

taken up by Chief Justice Merritt and

yesterday. The plaintiff alleged that

on and between April 16, 1893 and

February 11, 1894, he performed labor

for the defendants, and was paid there-

for the sum of \$2,445. He alleged that

he incurred expense for the use and ben-

efit of the reduction works at the special

request of the trustee Rollin G. Eckis,

the manager, Philo P. Bush, to the

amount of \$2,445. He alleged that he

has ever been repaid to him except

\$846.47. It is alleged that on February

11, 1894, the partners in the reduction

works entered into an agreement to

dissolve the association and to

divide the assets among themselves. The

plaintiff alleged that he was not

advised of this agreement and that

he was not paid for his labor. He

alleged that he was not paid for his

labor and that he was not paid for his

CAPT. MORRISON'S CASE.

RETIRED BOARD HAS BEEN OR-

DERED TO CONVEY.

After Long Years of Faithful Ser-

vice, the Brave Veteran Will

Probably Be Retired.

An Associated Press dispatch, pub-

lished in The Herald a short time ago,

stated that a certain captain stationed

at Fort Douglas was soon to be ex-

amined, as it was alleged that his

mind was slightly affected. Naturally,

this created much interest, but inquir-

ies failed to definitely locate the officer

in question, although it was hinted that

Captain Morrison was the man; this

rumor, although strenuously denied by

the captain's friends, appears to be

correct, as the following from the Den-

ver Republican will show:

Orders have been issued for the de-

partment army retiring board to con-

sider and examine Captain Theophilus

Morrison, who has been in the service

for many years. It is reported that

there are doubts of the officer's mental

soundness. Captain Morrison is at present

stationed at Fort Douglas, near Salt

Lake city, and is serving with his re-

giment as a member of the cavalry. He

has a brilliant record behind him and

has always been a good officer. Of late

years, however, so it is reported, there

has been evidence of the captain's in-

capacity for active service, and the

result is he is ordered before the re-

tiring board.

During the June labor riots General

McCook received orders to the effect

that he should take a detachment of

troops from Russell, in the department of

the Platte. Later it was found that the

department of the Platte did not con-
